

Workshop on Quantum Algorithms, Computational Models and Foundations of Quantum Mechanics

University of British Columbia, Vancouver, July 23 - 25, 2010

Invited Speakers

Boris Altshuler (Columbia University)
Hans J. Briegel (Universität Innsbruck)
Daniel E. Browne (University College London)
Steve Flammia (Perimeter Institute)
Daniel Lidar (University of Southern California)
David Poulin (Université de Sherbrooke)
Rob Spekkens (Perimeter Institute)
Maarten van den Nest (Max-Planck-Institut für Quantenoptik)

Organizers

Barry Sanders (University of Calgary)
Robert Raussendorf (University of British Columbia)
Petr Lisonek (Simon Fraser University)
Mohammad Amin (D-Wave Systems Inc, Burnaby, BC)
Tzu-Chieh Wei (University of British Columbia)
Pradeep Sarvepalli (University of British Columbia)
Theresa Liao (University of British Columbia)

Abstract submission deadline: May 1, 2010
